

Risk Management Tools for Staff

Millions of dollars are lost each year because of accidents involving motor vehicles— many of which could have been avoided with proper driver training.

Markel has teamed with I Drive Safely, a nationally recognized online driving safety organization, to offer our customers three driver education courses at 50% off the regular price. I Drive Safely is recognized by AAA and many state DMV agencies as an approved provider of traffic safety education.

Markel offers customers three courses under the I Drive Safely program: Passenger Van Driver Safety, Fleet Driver Safety (six modules), and Fleet Driver Safety (12 modules). Students take the courses over the Internet, at their own pace. These courses prepare drivers to handle the unexpected and avoid potentially dangerous driving situations. With all the issues surrounding the transportation of children, especially in 15-passenger vans, we are very pleased to be able to offer our customers an easy, convenient way to educate their staffs.

If you have a safety or risk management question or a suggestion for a topic, please contact Markel's Risk Management Department at safety1st@markelcorp.com.
